I am an undergraduate student majoring in Information Systems and Technology at Universitas Negeri Jakarta (UNJ). With a strong interest in IT, particularly IT support and web development. I work with Visual Studio, using HTML, CSS, and JavaScript. I'm also passionate about UI/UX design, using tools like Figma, Canva, and Adobe Photoshop. Beyond that, I enjoy video editing with Adobe Premiere Pro, After Effects, and CapCut. Actively involved on campus, I contribute as a creative team member in public relations and as a documentation staff in BEMP Information Systems and Technology. This allows me to collaborate with diverse individuals and contribute to meaningful projects, recognizing the importance of adaptability in the professional world.
